

AFTER SUFFERING TEN YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

MARLBTON, N.J.—I feel that Lydia E. Pinkham's Vegetable Compound has given me new life. I suffered for ten years with serious female troubles, inflammation, ulceration, indigestion, nervousness, and could not sleep. Doctors gave me up, as they said my troubles were chronic. I was in despair, and did not care whether I lived or died, when I read about Lydia E. Pinkham's Vegetable Compound; so I began to take it, and am well again and relieved of all my suffering. —Mrs. GEORGE J. JONES, Box 40, Marlton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotics or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaint, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

PRIZE SPEAKING AT WESTERLY.

Clyde Burrows Wins First Award at High School Contest
—Second Prize to George H. Luske—Improved Mail Service for Ashaway and Potter Hill—New Stenography Record for High School—Baseball Schedule Announced.

The annual prize speaking contest of the Westerly high school was held in the high school hall on Broad street Thursday evening. A slight change was made this year in regard to the contest. Formerly the boys' and girls' contest has been as one, but this year it was divided into two contests, the boys' being last evening and the girls' to be March 25. The programme for the boys' speaking was as follows:

Piano solo, Miss Vose.
Prayer, Rev. C. A. Burdick.
Twilight Star, Chorus.
Recitation, The Vengeance of the Flag, Arthur R. Anderson.
Recitation, Aunt Deborah Hears the Messiah, George H. Luske.
Recitation, As Beseecheth Men, Clyde L. Burrows.
Solo, The Middle Dutch Garden, Miss Price.
Recitation, An Afternoon in a Hotel Room, James P. P. McKie.
Recitation, The Confederate Sergeant, A. William Wood.
Craile Song, Chorus.

The judges were Prof. Gilbert Tolman of Kingston college, R. I., Miss Fannie T. Pendleton of Westerly and Principal C. T. Kendall of Wheeler High school, North Stonington. The first prize of \$10 was awarded to Clyde Burrows; the second prize, \$10, to George H. Luske.

At a hearing before the state judiciary committee there was no opposition to the bill providing that unclaimed savings bank deposits amounting to \$500 or more be turned into the state treasury. The bill being based on a Massachusetts statute. Provision is made that the owner of deposits may recover the money at any time through a deeded court procedure.

Among the unclaimed deposits reported is \$24.55 in the Mechanics' Savings bank of Westerly, \$2,534.60 in the Ashaway Savings bank and \$243.73 in the Kingston Savings bank.

Residents of Ashaway and Potter Hill appreciate the trolley road service now more than ever, for beginning Thursday morning they received their mail matter two hours earlier than usual. Mail now leaves Westerly for Ashaway at 7 and 11 a. m., instead of at 9 a. m. and 1 p. m. as formerly, and there is another mail at 5 p. m. The mail leaves Ashaway for Westerly at 7:30 and 11:30 a. m., instead of at 9:30 a. m. and 1:30 p. m., and with another mail at 5:30 p. m. This change went into effect without notice to the people of Potter Hill and Ashaway and served as a welcome surprise on Thursday morning.

A stone carrying fleet greater than the stone fleet that was sunk off Charleston harbor during the Civil war will soon be operated along the New England coast under the direction of the Gilbert Transportation company of Mystic. Samuel R. Rosoff of New York, a sub-contractor for the construction of the Cape Cod canal in Rockland, Me., making deals for the bulk of the granite which is to be used in the building of the two breakwaters and the walls of the canal. With him is Capt. Mark L. Gilbert, president of the Gilbert Transportation company, to which has been sublet the contract for conveying the granite from the Maine quarries.

Upwards of one million tons of granite will be required and fifty vessels will be employed in the transportation. Thirty-six of these vessels will be put into the service by the Gilbert Transportation company, which will withdraw all of its vessels from the southern lumber trade. The other vessels required will be chartered from outside owners. Mr. Rosoff's portion of the contract involves a matter of \$2,000,000 and will cover a period of five years' work beginning about the first of next May.

The breakwaters will be constructed in Buzzards bay, near the entrance of the canal. One will be a mile long and the other a quarter mile. Each breakwater will be 500 feet wide at the bottom and 50 feet wide on top. The average depth of water being 30 or 35 feet. Grout stone will be used. The walls of the canal, for which similar stone will be utilized, will be 13 feet thick and 39 feet high. The contracts with granite dealers thus far closed will bring greater activity to Bluehill, Stonington, Green Island, Somers Sound, High Island and Hull quarries. Other Maine quarries will share in the production as soon as the contracts can be made. Captain Gilbert estimates that 200,000 tons of granite will be shipped to the canal this season.

The present stenography senior class made the record for the Westerly high school in a test given by the teacher, Miss Maude Butters, Thursday. Miss Butters dictated from a business letter and the students took down 220 words in one minute. The class is composed of Misses Moore, Burdick, Cottrell, Sloan, Randall, Phillips, Brown and Robinson, and A. L. Maddock.
